

More Family Info

We want to keep your loved one safe. If your resident has a red leaf, please alert the nursing staff when you are leaving. If you have any questions, please let us know.

It will be the responsibility of all staff employed at Talahi Senior Campus to carry out this proactive effort and achieve our goal to reduce falls of those we serve.

Who is at risk of falling?

Falls are most likely to occur in persons who have:

- Recently fallen
- Difficulty walking, standing up straight or balancing
- Pain or dizziness
- Multiple medications
- Vision, hearing or memory loss

Talahi Senior Campus Falls Prevention

We Are Taking Action to Prevent Falls!

A fall can threaten your health and well-being.

In this brochure you will find ways you can help reduce your risk of falling while here through our Falling Leaf program.

6/10/10
Revised AC

How are we going to do this?

Talahi Care Center has made a commitment to reduce and prevent falls in this facility.

We continue to provide our staff on how to recognize a person's potential to fall.

Here's what we will do!

We will carefully look at each individual who stays at Talahi Care Center along with factors that could make them fall.

Each resident is given a green, yellow or red leaf on their door. Each leaf represents the increased chance to which a person has of falling, and will provide awareness for staff and visitors.

Green= Low Chance

Yellow= Medium Chance

Red= High Chance

We will explore ideas for different interventions for different people, as we know each person has their own separate needs, interest and routines.

We need your help to work towards preventing and reducing falls in our facility.

Here is what you can do:

- Tell us if you have fallen in the last 6 months
- Become familiar with your new surroundings.
- Wear non-skid shoes at all times. Use slippers with grips
- Wear your eye glasses when awake
- Keep important items such as remote: within reach
- Always use your walking aids when ambulating
- Attend your exercise classes daily
- Use your call light if you need help
